

Buzzed: The Straight Facts about the Most Used and Abused Drugs from Alcohol to Ecstasy

By Scott Swartzwelder

W. W. Norton & Company. Paperback. Book Condition: New. Paperback. 384 pages. Dimensions: 9.3in. x 6.1in. x 1.2in. The fourth edition of the essential, accessible source for understanding how drugs work and their effects on body and behavior. A bestseller in its three previous editions, Buzzed is now revised and updated with the most recent discoveries about drugs. It includes new information about biological and behavioral changes in addiction, the prescription-drug abuse epidemic, distinctive drug effects on the adolescent brain, and trends from synthetic cannabinoids to e-cigarettes. Lively, highly informative, unbiased, and thorough (Addiction Research and Theory), this no-nonsense handbook surveys the most used and abused drugs from caffeine to heroin to methamphetamine. In both quick-reference summaries and in-depth analysis, it reports on how these drugs enter the body, how they manipulate the brain, their short-term and long-term effects, the different highs they produce, and the circumstances in which they can be deadly. Neither a just say no treatise nor a how-to manual, Buzzed is based on the conviction that people make better decisions with accurate information in hand. 8 pages of color illustrations This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
