Instituted in 1821 and incorporated in 1822, the College has exerted a potent influence in developing pharmaceutical education, improving the conditions of pharmaceutical practice, and rendering, through its thousands of graduates, a nationwide service for the relief of human suffering and the conservation of public health. The founding of the institution, largely by members of the Society of Friends with their homely virtues of modesty, thrift and wisdom, and love of peace and simple honor, its modest beginnings, and the primitive condition of the pharmacy of the time and its gross abuses. The pioneer work of Wood and Bache for scientific pharmacy. The development of higher ethical standards and the birth of the U. S. Pharmacop oia and the American Pharmaceutical Association. The removal from the old buildings on Zane Street to North Tenth Street and the erection of new buildings. The amazing progress of the past half century or more, with its wonderful development in pharmaceutical education, legislation and practice, together with an account of the origin and work of the Alumni Association, and the merging of the Department of Pharmacy and Chemistry of the Medico-Chirurgical College in 1916, followed by a review of the events of Centennial Year, and these,...
