

Addressing Mental Health Concerns in Primary Care: A Clinician's Toolkit

By American Academy of Pediatrics

American Academy of Pediatrics, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Addressing Mental Health Concerns in Primary Care brings together a myriad of ready-to-use resources and tools on one instant-access CD-ROM. Toolkit includes: screening, assessment instruments, quick-reference, care management advice, step-by-step care plans, time-saving documentation and referral tools, coding aids, billing and payment tips, parent handouts, community resource guides, and much more. Algorithm-based guidance, indexed to CPT codes, outlines a process for care and billing. Succinct clinical tools provide step-by-step decision support for assessment and care of children with the most common mental health symptoms: anxiety, depression, disruptive behavior and aggression, inattention and impulsivity, substance use, learning difficulties, and social-emotional problems in young children. Tools and resources can be printed and distributed as needed. Many will be continuously refreshed through Web-based updates. This toolkit is intended to enhance the quality of mental health care children and adolescents receive, whether in the medical home itself or through the medical home. The toolkit has been organized according to the chronic care principles and has 5 sections: Community Resources provides templates for creating an inventory of community mental...
