Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from How to Study and What to Study It is my belief that students have a right to as much and as expert coaching on how to study lessons from books as they receive on how to play football, how to dance, or how to do anything else. They will generally be grateful for such help. In fact, the learning process may be made the subject of so much thought as to become itself a vital interest, perhaps as potent in holding students in school as are the extra-scholastic activities, such as games, dramatics, initiations, and the like, that are seemingly the only attractions in school and college life for many young people. My classes have found help in the talks that I have given as I have kept pace with the slowly developing literature of educational psychology. The purpose of this little book is to place before younger students, in simple form, the general principles of effective study; if it helps its readers, it will have fulfilled its mission. The authors starred below read the greater part of this book when in manuscript form and helped me with criticisms, suggestions, and encouragement. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
