Reviews

It is great and fantastic. Better than never, though I am quite late in starting to read this one. Your life period will likely be transformed once you comprehensively read this book.

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This Army techniques publication (ATP) is a consolidation of currently existing publications which address the treatment aspects of the Army Health System (AHS). The publications being consolidated into this ATP publication include: Field Manual (FM) 4-02.10, 3 January 2005; FM 4-02.19, 31 July 2009; FM 4-02.25, 28 March 2003; FM 4-02.51, 6 July 2006; and FM 4-02.56, 6 July 2006. This publication is intended for use by commanders and their staffs, command surgeons, AHS planners, and Army Medical Department personnel and units. This publication addresses the casualty care aspects of the health service support mission under the sustainment warfighting function. It describes the various organizational designs for the units providing this support and doctrinal guidance on the employment of these organizations and their functional capabilities. The staffing and organizational structures and positions presented in this manual are established in tables of organization and equipment (TOEs). These tables were current at the time this manual was published. The organization of these units is subject to change in order to comply with manpower requirements criteria outlined in Army Regulation (AR) 71-32. These organizations are also subject to change at the unit level in order to meet wartime requirements and changes are reflected in the units modified table of organization and equipment (MTOE). The AHS is comprised of a system of interrelated and interdependent systems synchronized to provide a seamless continuum of care from the point of injury, wounding, or illness in a deployed area of operations (AO), through successive increments of greater capability and complexity to definitive, convalescent, and rehabilitative care in the continental United States (CONUS)-support base. Historically, the systems have been referred to as medical functions and include:...
