## 9787506733199 MEDICINAL CHEMISTRY EXPERIMENT (SECOND EDITION)(CHINESE EDITION)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2006-01-01 Pages: 85 Publisher: Basic information of Chinese Medicine Science and Technology Press title: medicinal chemistry experiment (Second Edition) List Price: 10.00 yuan Author: Hui Chun editor of Press: China Medical Science and Technology Press Publication Date :2006-1-1 ISBN: 9787506733199 Words: 120000 Page: 85 Edition: 2 Binding: Paperback: Product size and weight: Editor's executive summary of the material involved experimental drug that contains the various chapters of the theory of teaching materials used representative drugs; organic qualitative identification of experimental procedures strictly follow the 05 version of the technical requirements of the Pharmacopoeia; metamorphic reaction of oxidation and hydrolysis experiments designed to enable students to deepen understand the basic theory and basic knowledge of medicinal chemistry. are familiar with the basic structural features of the reaction caused by the deterioration; drugs The synthetic experimental arrangements purpose is to enable students to understand the synthetic route of chemical drugs. the synthesis process and the preparation of intermediate products and impurities that may arise. the basic methods of structural modification of the drug. are familiar with the basic steps and basic operation of the drug purification refined to further consolidate the operation techniques and theoretical knowledge of organic chemistry lab. This material is suitable for higher professional pharmacy and pharmaceutical professional experimental teaching use. Directory first part of the experiment notified the second part of the basic knowledge of medicinal chemistry experiment \_ a laboratory safety and accident prevention and treatment. commonly used laboratory instruments. equipment and scope of application. recrystallization and filtration Fourth. the use of the dryer five The third part of the rehearsal. recording and experimental reports of experimental drug solubility experiments experimental drug oxidative deterioration...
